The original Village Inn Pizza opened in 1968 on Grand Ave. Village Inn was known for its A-frame building as much as it was known for its original from scratch, thin crust pizza.

When the Pizzeria closed in 2020, it was purchased by the Smith and Solheim Families. It was important to the families that everything stay as authentic as possible. Look around the dining room and you will see the original tables and chairs, wall decor, and lead glass light fixtures. In the back of the house we still have the oven and the original mixer from 1968, one of two left in the nation.

The original recipes are still used, the dough is made every night, and the pizza sauce is made every morning. Everything is the exact same including 5 of the original staff members.

Many of our customers tell us the stories and memories they have of the original Village Inn, from first dates to marriage proposals, graduations and birthdays. We feel fortunate that one of the original owners, Floyd Andersen, trusted us with continuing the legacy of Village Inn Pizza. We are also thankful to you, our customers, for your loyalty and we look forward to making many more memories with you all.

Thank you,
Smith and Solheim Families
